Medicare PPS Report

Self-Guided Tutorial
Tutorial Objectives

After completing this tutorial, you will be able to:

• Identify the purpose of the Medicare PPS Report
• Access the Medicare PPS Report
• Customize the Medicare PPS Report
Overview: About the Report

PointRight’s Medicare PPS Report:

- Displays the assignment of Medicare assessments into RUG categories
- Presents changes and trends in facility Medicare program over time using categories and criteria from the RUG-IV grouper
- Approximates number of resident days for each RUG group.
  - PointRight analysis is a close approximation to the actual number of resident days for each RUG group; a more accurate analysis is not possible without analyzing your facility’s UB04 records
Access the PPS Report

- The following slides will guide you through the steps to access the Medicare PPS Report

  - Step One: Login to PointRight
  - Step Two: Select the Report you want to see
  - Step Three: Review the Report
Step One: Login to PointRight

1. Go to: www.pointright.com

2. Click Client Login

“PointRight services are very valuable to our staff in delivering outstanding patient care as well as lowering our exposure to risk.”

– Dan Lavender, CEO, Moorings Park

PointRight, the healthcare and insurance leader in predictive data analytics and decision-support services, can help you:
Step One: Login to PointRight (cont.)

3. Click the MDS Submissions & Reports link
4. Enter your Log In information
   User Name
   Password
   The password is case sensitive!

5. Click Log In.
Step Two: Access the Medicare PPS Report

Roll the mouse icon over the Products tab. The Products drop-down menu displays.

In the Products drop-down menu, click Medicare PPS Reports.

1. Roll over the Products tab.

2. Click Medicare PPS Reports.
Step Two: Access the Medicare PPS Report (cont.)

If you have access to multiple facilities, you can also click the facility name whose reports you want to see.

1. Left-click on the name of the facility whose information you want to see. The drop-down menu displays.

2. Click “Products” from the drop-down menu to go to the Products page.
Step Two: Access the Medicare PPS Report (cont.)

From the **Products** page, click the **Medicare PPS Reports**.

3. Click **Medicare PPS Reports**
Medicare PPS

Facility Reimbursement Report
The Medicare PPS Report

The Medicare PPS Report includes:

- Introduction
- Medicare Days
- Medicare Trend
- Rehabilitation
- Estimated Medicare
The Introduction page of the Medicare PPS report contains three sections:

1. **Report customization options**
   - Select Report Period
   - Select Rate

2. **Information display**
   - Select a Tab to display the information you want to review

3. **Wage Index Table**
   - Displays Wage Index information for the State and County
Section 1: Choose your Report customization options, then click the “Update” button.

Select the Report Period from the dropdown menu

Select the Medicare Rate

* Note: The Report Rate defaults to “Local” which automatically applies the local rate based your facility’s address.

If you prefer, choose one of the Federal Rates by clicking the radio button next to that rate.
Section 2: Information Display

Click a **Category Tab** to see information and Reports related to that category.

The **Introduction Tab** is the default.

The **top paragraph** of the **Introduction** summarizes the Medicare assessments and Rates used for the selected time period.

**Paragraph (1)** explains payment rates used in the report calculation.

**Paragraph (2)** summarizes the percent of assessments for which the number of Resident Days needed to be estimated.

**Paragraph (3)** explains that the is dependent on the assessments that are submitted to PointRight.
Section 3: The Wage Index Table displays the changes in your facility’s Local Wage Index over time. Information includes the Fiscal Year Start Date, and the facility’s designated Urban/Rural status.

This information is updated by PointRight for each Fiscal Year.
Medicare PPS Report

Medicare Days
The Medicare Days Report provides a detailed overview of Medicare Resident days. Click the “Medicare Days” Report tab to view the Report.

Two Report view options:
- By Category
- By Category and Assessment Type
Medicare Days: By Category

Key features of this Report include:

- Text summary of the percent of billable days in the Rehabilitation RUG category

- Overview of the percentage of resident days for the selected month in each RUG category. Percentages are also displayed in the Legend next to the pie chart.

Click each section of the pie chart to drill down to Resident details.
Medicare Days: By Category and Assessment Type

Key features of this Report include:

Display of resident payment days by RUG category and MDS assessment type.

You can click each section of the bar chart to drill down to resident details.
Medicare PPS Report

Medicare Trend
Medicare PPS Report: Medicare Trend

Key Features of this Report include:

View and compare all assessments in the same bar graph, or click the desired tab to view a specific assessment type.

Data displays for all assessments in each category for the past 24 months.

You can click each section of the chart to drill down to resident details.
Medicare PPS Report: Medicare Trend (cont.)

Medicare Trend graphs can be customized by:

**Y-Axis** - Select the measurement to display on the Y-Axis.
**Graph Type** – Select the graph type.
Click the “Update” button to view the graph with the new selections.
Medicare PPS Report: Resident Drilldown

This page displays all the residents in the category you clicked on in the chart or graph.

Medicare billed days are shown for the month listed in the chart title.

Click a resident’s name to view their complete MDS history, including all the Medicare days regardless of the month selected.

Click an ARD to review a copy of the MDS.

</tbody>
</table>
This is an example of resident MDS history detail.

Click the ARD to review a copy of the MDS.
You can track your facility’s Change of Therapy OMRAs using the OMRA COT tab.

Click the bar to see complete details.
Medicare PPS Report

Rehabilitation Tab
The **Rehabilitation Report** includes two parts:

The **Summary** tab displays a summary of Rehabilitation assessments for the selected time period.

The **Required ADL and Therapy Minutes** tab displays the qualifying criteria for the Rehab RUGS.
Medicare PPS Report: Rehabilitation Summary

The Summary graph displays all the Rehab and Rehab +Extensive RUG groups in reference to the ADL index of the MDS.

Use this graph to check your ADL accuracy and make sure you are capturing the appropriate RUG for each Resident.

- **Blue** indicates ADL index one point away from the next lower RUG.
- **Red** indicates ADL index in the middle for this RUG.
- **Green** indicates ADL index one point away from the next higher RUG.

Y-Axis options can be customized to display Resident Days or Assessment Counts.
Medicare PPS Report: Rehabilitation Criteria

The **Required ADL and Therapy Minutes** tab displays the qualifying criteria for the rehab RUGS (provided as a resource only).

<table>
<thead>

</tbody>
</table>

**Example:** For the RMC category, an ADL index of 11-16, and at least 150 minutes of provided therapy are required.
Medicare PPS Report

Estimated Reimbursement
The Estimated Medicare Report displays estimated Reimbursement and Per Diem. Report is updated in real time with new MDS submissions.

Reimbursement Tabs:

By RUG (displays by group)
- Report explanation is at the top of the page
- The Table displays estimated reimbursement for the month by RUG group

By Category (displays by category)
- Report explanation is at the top of the page
- The Table displays estimated reimbursement for the month by category
Medicare PPS Report: Estimated Medicare Revenue and Per Diem

The Revenue and Per Diem report displays the changes in Medicare reimbursement over time.

The graph displays a 24 month trend comparing the total estimated reimbursement (blue line) and the estimated average per diem rate in dollars, by month (red line).

Estimated Medicare dollars display on the left axis. Estimated Per Diem dollars display on the right axis.

Roll your mouse over a point on the graph to see a popup with details.
Click a point on the graph to view resident details for every resident assessment with payment days during that month.
Printing Medicare PPS

1. Roll the mouse icon over the **Print** tab, and select **Print Report from this Page**
2. View Medicare PPS as a printable report

3. Click the **Print** button in the report window to print.
Tips for Success

- Review RUG distribution in the pie chart and bar chart to determine staffing needs and assign resources
  - Insight into Medicare RUG distribution assists the IDT in RUG prediction and control
- Apply reports to your Medicare compliance program
  - Drill down to identify potential issues with Therapy and ADL coding
  - Individual, concurrent and group minutes are easily audited
- Use the Medicare Trend to track changes in the Medicare caseload
  - Look at SOT/EOT OMRA and COT OMRAs to ensure expected RUG changes occur
    - Helps prevent file rejections
- Review Medicare reimbursement in real-time
- Use the Estimated Medicare table to compare your facility’s 12 month history of RUG days to the current month’s performance
Need Help?

Use the Ask a Question page to submit a question to our online Help Desk.

1. Select “Ask a Question” from the Help menu.

2. Type your question in the text box and click the “Submit” button.
